

ADMINISTRATION IN POLICY ABSENCE

In cases where administrative action is not expressly dictated by policies of the Board of Education, the Superintendent of Schools may formulate regulations that shall be binding upon the employees of the school district and its students when issued, but shall be provided to the Board at the next meeting thereof. The Board reserves the right to overrule any such regulation. It shall be the duty of the Superintendent to inform the Board promptly of such action and the need for policy, which, if adopted by the Board, must become part of the policy manual.
