

### **POLICY REVIEW AND EVALUATION**

The Board of Education will periodically review and evaluate its written policies to ensure an educationally sound and consistent basis for Board action and administrative decision.

The Board shall establish procedures for evaluating the implementation of its policies and measuring their effectiveness. The Board may rely on the school staff, students and the community to provide evidence of the effects of the policies it had Adoption date.

The Board directs the Superintendent of Schools to bring to its attention any policy areas in need of revision or new development. The Board shall review the entire manual at least once every three years to ensure that the manual is up-to-date. The Board shall note those policies which must be reviewed even more frequently (e.g., code of conduct, investments and purchasing, which must be reviewed annually).

At the final meeting of the Board in June of each year, each Board member shall submit his/her copy of the Board policy manual to the Superintendent for updating and revisions. At the Annual Reorganization Meeting, each Board member shall be provided with an up-to-date copy for use during the following year.
