

INFORMATION SECURITY BREACH AND NOTIFICATION

The Board of Education acknowledges the State's concern regarding the rise in identity theft and the need for prompt notification when security breaches occur. To this end, the Board directs the Superintendent of Schools, in accordance with appropriate business and technology personnel, to establish regulations which:

- Identify and/or define the types of private information that is to be kept secure. For purposes of this policy, "private information" does not include information that can lawfully be made available to the general public pursuant to federal or state law or regulation;
- Include procedures to identify any breaches of security that result in the release of private information; and
- Include procedures to notify persons affected by the security breach as required by law.

Any breach of the district's computerized data which compromises the security, confidentiality, or integrity of personal information maintained by the district shall be promptly reported to the Superintendent and the Board of Education.
