

HUDSON CITY SCHOOL DISTRICT  
Transportation Department

September 25, 2017

Dear Parent / Guardian,

In an effort to decrease the amount of time some of our students are now required to wait for their afternoon buses home, the district has opted to add 4 new routes, which has cut that time down considerably. In addition to the new routes the existing routes: 10, 11, 12, and 13 have had some changes as well. Please refer to the attached notice which gives a description of each route, the locations and grades they serve.

As you see all the routes in question now start at 7 a.m. – which gives time for all students to get breakfast if they choose to do so. In the P.M. there are no longer any “B” runs – your student will not have to wait for their bus to return for the second run – they will board at dismissal or as soon as the bus arrives to load at their building. Please expect to make changes to the time you were meeting your student at the stop or when they are dropped off in the afternoon – all B run students will be home / at the stop approximately 20 minutes earlier than they currently are.

The changes are scheduled to begin on October 2, 2017 so please be prepared for the new routes and times to take effect on that date. If you need to make other arrangements with sitters, please be sure to send a letter in writing to your child’s main office for the changes to take effect.

Thank you in advance for your patience and understanding as we implement these changes. It is with the safety and best interests of all our students in mind that we continuously striving to improve our transportation department and how we transport our students each day. If you have any questions please don’t hesitate to call your child’s building or the transportation department (518-828-4360, ext. 2103).

Thank You,

HCSD Transportation Department
